

Ndifreke Asuquo

Full-stack Developer

📍 Isle Of Man, United Kingdom | 📞 +44 7624239154 | ✉️ asuquondifreke06@gmail.com | 🔗 <https://frekedev.vercel.app>

Professional Summary

A dedicated and self-motivated full stack developer with over three years of professional experience in building high-performance web applications using React, Next.js, and the MERN stack. Specializes in crafting scalable, user-centric solutions for eCommerce, finance, and customer-focused platforms. Proficient in state management (Redux), React hooks, and integrating cloud services (AWS, Firebase). Experienced with modern UI/UX development tools such as MUI, TailwindCSS, and SASS, as well as testing frameworks including Jest and React Testing Library (RTL). Dedicated to delivering optimized, responsive, and engaging user interfaces while thriving in collaborative, agile environments.

Sample Projects

OAPP

🔗 <https://arami.vercel.app/>

- Pizza Ordering App**
*Technologies: **Next.js**, **MongoDB**, **React.js**, **AWS**, **Bcrypt**, **React-Router-Dom**, **Stripe***
Developed a full-stack pizza ordering application using **Next.js** for server-side rendering and **MongoDB** for database management. Integrated **Stripe** for secure payment processing and implemented authentication using **bcrypt**. Used **React-Router-Dom** to manage client-side routing, while **AWS** was leveraged for deployment and hosting. The app features real-time order tracking and payment functionalities, ensuring a smooth user experience.

URHealth

🔗 <https://checkhealth.vercel.app>

- URHealth**
*Technologies: **Next.js**, **React**, **TypeScript**, **TailwindCSS**, **Twilio**, **Sentry**, **Zod** and **Appwrite***
URHealth is a modern web application built with **Next.js**, **TypeScript**, and **TailwindCSS** to streamline patient care and administrative processes. It leverages **Twilio** for seamless communication, enabling healthcare providers to manage appointments, track patient records, and send reminders efficiently. Designed for ease of use, the app combines a clean, responsive interface with robust functionality to enhance the patient experience and simplify healthcare management.

Experience

GOMYCODE

Feb 2022 - Sept 2024

Full-stack Developer

Lagos

- Led the integration of modern technologies like **Next.js**, **React**, and **MongoDB** into client projects, including applications such as a pizza ordering platform.
- Conducted technical workshops on **AWS**, **Git**, and **Firebase**, enabling clients to grasp cloud deployment, database management, and state management concepts.
- Provided comprehensive guidance on building scalable, responsive, and data-driven applications using **React** and **Redux**, including the development of an eCommerce platform.

I & T SOFTWARE SOLUTION

Sept 2019 - Oct 2021

Frontend Developer

Lagos

- Designed and optimized web applications using **React**, enhancing performance and minimizing load times.
- Developed and integrated **RESTful APIs** using **Node.js** and **MongoDB** to streamline customer order management and authentication processes.
- Implemented robust testing frameworks using **Jest** to ensure the stability and reliability of eCommerce applications.
- Utilized **AWS** and **Vercel** for containerization and seamless cloud deployment.

EFFADEX INVESTMENT

June 2018 - June 2019

Customer Support Representative

Akwa Ibom

- Delivered exceptional customer support using tools like **Zendesk** and **LiveChat**, addressing issues related to order processing, account management, and loan services.
- Diagnosed and resolved technical issues by troubleshooting application bugs, ensuring seamless user experiences.
- Collaborated with development teams to report recurring issues and provide actionable suggestions for product improvements.

Education

GHANA TECHNOLOGY UNIVERSITY COLLEGE

Jan 2012 - July 2015

Engineering

Telecommunication

Bsc Telecommunication Engineering

Skills

Frontend

● ● ● ● ● ●

React, Next.js, Redux, HTML5, CSS3, JavaScript (ES6+), Webpack, SASS, Tailwind CSS, Zustand

Backend

● ● ● ● ● ●

Node.js, Express.js, RESTful APIs, MongoDB, Firebase, SQL

Testing

● ● ● ● ○ ○

Jest, React Testing Library (RTL), TDD

DevOps & Cloud

● ● ● ● ● ○

Git, AWS, GitHub Actions

Others

● ● ● ○ ○ ○

PHP, Laravel, Python, Java, Web Performance Optimization, Agile Methodologies

Awards

Bycep Hackathon

November 2023

UNWTO

Finished as the finalist in Tourism Hackathon Nigeria 2022.

THE FULL-STACK JAVASCRIPT

🔗 <https://diploma.gomycode.app/?id=3cbb0b1a89072e395>

Finished first in a bootcamp which consisted of seven(7) students.

Certifications

Complete React Developer in 2023(w/ Redux, Hooks, Jan. 15, 2024 GraphQL)
